

A. Campolungo Tour

Campo Tencia hut - Morghirolo Lake - Zaria - Leit Hut

The circuit connects the Campo Tencia hut to the Leit hut. It takes more or less 6 hours from hut to hut, and it allows you to discover the interesting Campolungo region, with the possibility to sleep in one of the two huts. The itinerary can be covered in both ways.

It is a demanding path on rocky land and sometimes arduous, therefore it's not recommended in case of bad weather. The route includes some difficult angles where great experience is necessary.

The northern side of Mognoi Pass and the western side of the Prèvat Pike Pass are equipped with metallic ropes.

Itinerary:

From Campo Tencia hut, you must follow the path to the Morghirolo lake. Once you passed it, the blue signage will conduct you to the Mognoi Pass (2613m). Descending over the Zaria village (1930m), then going back up to the Prèvat Pike Pass, passing through the fascinating Canton del Prèvat little lakes, you will finally reach the Leit hut.

Technical characteristics:

Length:	8 km
