

## C. Campolungo peak ( 2714 m )

Campo Tencia hut – Morghirolo lake – Cassine Lei di Cima

This is a quite demanding trip (T3 level) that fully rewards with the view on the Campo Tencia Group: rocks, crests and pastures that won't leave you indifferent.

From the hut going up to the Morghirolo lake (2264 m) it will take about 40 minutes. Following the new path, at the height of 2400 m, you will reach Cassine Lei di Cima, and keeping the right towards the east, you will reach a detrital area and eventually a grassy slope. You can now reach the east crest, which is located at about 50 meters from the summit. In order to ascent the main summit, you can continue on the crest and then reach the depression (level II°).

Descending, once you have reached the Red Crest's pass (2620 m), you can aim towards a spot called Piode. Afterwards, you will pass on various grassy slopes until reaching Cassine Lei di Cima (2400 m). You have now the possibility to proceed until Leit hut in about one hour and a half, or to go back to the
